BAKING

Nominated for Representative By Are Interested in Crittenden County Mineral Lands.

MAY MAKE INVESTMENTS

Messrs. C. H. Jackson and J. T. stated by the PRESS, making an investigation of some of the mineral deposits, and examining, in a general way, our mineral prospects. While their stay was short, the outlook here interested them. They were evident-Mr. A. C. Moore, of Marion, was ly not here to tell what they knew, or and it is with renewed zeal and energive opinions as to the value or pro- gy, higher hopes and greater aspiraof this section. They came to get, rather than give information, and while we know nothing definite concerning their plans or intentions, we learn that they were favorably impressed with the country from a minral standpoint, and regard this section as a remarkable formation for Kentucky, indeed, for any country, and it is believed that they will me 'ke a more thorough examination with a view of making extensive invest-

> With vast quantities of coal, with lead and zinc, wi h two kinds of span in unlimited quantities and of the finest quality, with iron ores, beds o umbre and ochre, and, according to reliable assaysts, with just enough silver and gold here and there to make it doubly attractive, it is not strange that old Crittenden and portions of Livingston furnish an inter esting field for the geologist, and gives great promise to capital that is willing to invest something when the chances for finding something are good. The reports that have gone out, backed up with samples of ore, have attracted widespread attention, and the geologist as well as the capitalist has his attention turned this way, and the probabilities are that a great deal of money will be spent in the county within the next two years developing
